

Ski! Shell Lake

WHAT: *Ski! Shell Lake* is a non-profit group with the mission of promoting cross-country skiing to youth and area families with an emphasis on teaching and life-long enjoyment.

WHERE: We now have over 4 miles of lovely, groomed cross-country ski trails (for skating & classic) at the Red Barn Campground, 2 miles east of Shell Lake on Hwy B. They will be open after we get 6 inches of snow!

WHY: Because we want to spread the joy of cross-country skiing as a terrific family activity which provides excellent fitness and we are enthusiastic about teaching new skiers in a fun setting.

HOW: Just fill out the form on the back and you and/or your family will become members of *Ski! Shell Lake*.

WHEN: As a member of *Ski! Shell Lake*, you will have free access to the trails at the Red Barn all winter and can take part in our special Fun Days. You can ski anytime you want - by yourself and/or at our Fun Days.

WHAT IS A FUN DAY? Our Fun Days are great learning opportunities and chances for *Ski! Shell Lake* to get together. We will have excellent instructors on hand to teach and activities to take part in if you wish.

WHEN ARE THE FUN DAYS? Starting as soon as possible, Fun Days will be held on Fridays after school and on Sunday afternoons. Emphasis will be on teaching, ski games and fun. Adults and kids are welcome. We will also have special events in Spooner, Hayward and at the Timberland Trail.

DETAILS

COST: A year membership is \$35 per person or \$90 per family.

We do have some scholarships available, so if cost is an issue, please contact us.

WHERE DOES THE MONEY GO? We are working with a non-profit group - *The Minnesota Youth Ski League*. \$25 per person will go to the *MYSL*, which will provide valuable training, awards for the kids, insurance coverage, goodies at our Fun Days and most importantly they will assist in providing ski equipment.

\$10 will go to *Ski! Shell Lake*, which will be used to help cover expenses for trail grooming and ski rental.

WHAT IF WE NEED EQUIPMENT? For the entire winter and just \$40, youth can rent an excellent, brand-new ski package - poles, boots, bindings and skis. This is about the same cost as what a ski shop would charge for one day rental! We will have some adult skis available as well. If you need equipment, quick registration is critical so we can order the equipment!!!!

QUESTIONS? Please don't hesitate to contact us:
